

As Mayor for the Town of Vance I am proud of who we are, where we have been and where we are going. During my life I have lived in several places, but none can compare to Vance and what it has to offer. We are within driving distance of two major metropolises, the Birmingham International Airport, Amtrak train stations, and just a short hop to the capital of the state. We are home to one of the most prosperous and prestigious companies in the world- Mercedes Benz USI. We have the small town feeling with big city offerings. We still care for you, know who you are and want to provide all your needs. I am proud to represent the fine citizens of the Town of Vance and gladly tell everyone how great our town is.

As great as we are and as proud of this town as I am, we still need to provide things for our citizens. We are in a dire need for commercial growth in our area. We need services in our town within 5 minutes of Mercedes and their suppliers. As it is now everyone who works in and around Vance has nowhere to buy breakfast and lunch or shop. Someone is missing a golden opportunity to have a very successful business. I have been approached by our citizens, suppliers, and businesses about places to eat and shop and I can only tell them I am looking and searching. We have incentive packages available for commercial businesses and will discuss any concerns or needs presented by prospective clients. I am just waiting on the first lucky person that finally takes a risk in our town, because they will be indeed shocked at the prosperity they will receive.

Finally, we are building a new town hall, park, and satellite license commission office. We can take care of all your needs and will support any business to the upmost of our abilities and within legal bounds. Vance is a great place to live and work. We have a great school system, infrastructure, and fine spiritual network—a church for every need and want. We can take care of your children, the elderly and the times between breakfast and lunch for anyone and everyone who wants to come join, Vance, the fastest growing town in the state of Alabama.

A handwritten signature in black ink, appearing to read 'Keith Mahaffey', with a large, stylized flourish extending to the right.
